PUBLIC INSTRUCTION -- ADMINISTRATIVE AND OTHER FUNDING

Delete Funding for a Statewide Student Information System

21

Motion:

Move to delete item 3, "Statewide Student Information System" from the Administrative and Other Funding back sheet. Instead, provide \$7,100,000 GPR in 2013-14 in the Committee's biennial supplemental appropriation for an open system for standardized student data collection, which would delete \$13,875,900 GPR in 2013-14 and 1.0 GPR position, and \$1,590,500 PR in 2013-14 and \$2,955,200 PR in 2014-15 and 3.0 PR positions. Require DPI to develop a proposal for such a system that would provide for a multiple-vendor student information system solution, including reporting requirements that can reasonably be met by multiple vendors. Provide that the student data collection system solution would allow schools and districts to use the vendors of their choice. Require DPI to request Committee approval under s. 13.10 of the statutes of their proposal, including proposed reporting requirements. If the Committee would approve the student data collection system proposal, then the Committee could also release funding to DPI to be provided to school districts in order to cover their costs associated with meeting the reporting requirements specified by DPI.
